RESOLUTIONS ADOPTED

By the Greensboro Bar In Honor Of the Lamented David Schenck.

A meeting of the Greensboro Bar was held in the court house in Greensboro today. The meeting was organized by the election of Col. J. T. Morehead as chairman and A. M. Scales as secretary. L. M. Scott introduced the following resolutions as chairman of a committee heretofore appointed:

"Whereas the hand of God has recently taken from our midst our friend and brother lawyer, David Schenck, Jr, in the first flush of a strong and noble manhood holding every promise of an honorable and useful career, and left in sadness the family, the friends, the associates to whom he had so endeared himself by his kindly heart and sterling worth:

"Be it now resolved by the members of the Bar of Greensboro in meeting assembled;

"That in the death of David Schenck Jr., we each feel sorrow of a personal loss, and mourn for one who was sometimes a professional associate, sometimes a professional adversary, always a true and noble friend.

"That in his death his family has lost a devoted husband, son and brother; his profession an honored member; and his city, county and state an upright and useful citizen.

"That these resolutions be spread upon the minutes of this court, published in the papers of this city, and sent to his grief stricken family with the expression of our heartfelt sympathy.

"That as a mark of respect we move that this court do now adjourn.

"L. M. Scott,
"S. B. Adams,
"Chas. M. Stedman,
"Committee."

Messrs. L. M. Scott, Chas. M. Stedman, John Gray Bynum, A. M. Scales, John N. Wilson, and W. H. Carroll made appropriate remarks on the adoption of the resolutions. The resolutions were unanimously adopted, and A. L. Brooks, Esq., was requested to present the resolutions to the court.

RECEIPTS AT THE CITY POUND.

Twenty-five Dogs Impounded Since Yesterday Morning.

No less than twenty-five dogs have been impounded in Greensboro since yesterday morning.

Among the number are canines of all descriptions—from the meekest pup to the most independent full-grown dog, all of which were caught wandering aimlessly about the streets without the necessary passports.

Chief Scott offers twenty-five cents each for dogs caught on the streets without a tax check and this accounts for the big receipts at the pound. Every boot black in the city has thrown aside his polish box and gone into the dog catching business, and every canine that sets his foot in the street is tolled or carried to the city pound.

Chief Scott will hold a mammoth dog sale at the pound tomorrow. Any canine, no matter what his real value, will be "rattled off" for the moderate sum of $1.00. All dogs not sold will be carried off and shot.

"THE MIDNIGHT FIRE"

Will Be Presented During Gala Week By Winston Talent.

Messrs. Bertram and Willard have completed arrangements to bring the dramatic company connected with the Winston fire department to Greensboro on Friday night of gala week for the reproduction of the "Midnight Fire," the play which was presented in Winston a short while ago. The play will be presented in the Academy of Music. That a crowd will pack the Academy of Music on that night goes without saying. Greensboro people remember gratefully the quick response the Winston-Salem fire department gave when this city called, and will be glad to show their appreciation by giving the dramatic company an enthusiastic reception here.

As before the play will be given under the personal direction of Messrs. Bertram & Willard, who are the authors, and both of whom play important roles.

By Wire to THE TELEGRAM.

New York, July 20—Printing House Square is now the most exciting neighborhood of the city. News boys have struck against the World and the Journal, wanting ten papers for five cents instead of for six cents. Little processions of boys are passing up and down the streets bearing placards that they will not sell the World nor the Journal, and these papers are not procurable upon the streets, but each of the newspaper concerns have hired boys at the front entrances of their buildings who are selling papers to boys who sell only other papers.

THE NATIONAL COMMITTEE

Of the Democratic Party Meets At Chicago Today.

THE ILLINOIS FACTIONAL FIGHT

Between Altgeld And Harrison—Little Interest Taken In It By Southern Democrats.

Special to The Telegram.

Washington, July 20—Several well known southern democrats, mostly members of the national democratic committee, have within the past few days passed through the city to attend the meeting at Chicago of the national committee which assembles at the big auditorium today. Those who have passed through the city are of the opinion that the meeting will be an important one, and that it will be harmonious in spite of the factional differences existing in many sections. The most important matter likely to be discussed is the abrogation of the two-thirds rule in the national convention next year. The southern delegates are opposed to this, and many expressed the belief that the time honored rule would remain in force. It is said that the demand for its abrogation is confined principally to the western members of the national committee. The southern and eastern members are mostly opposed to it.

From what could be gathered from the southern members passing through Washington the belief is that Bryan will get the delegations from nearly all, if not all, of the southern states, and that the delegates will be for the reaffirmation of the Chicago platform as the platform next year, combined with a strong condemnation of the policy of the administration in connection with the Philippine war, and a declaration against trusts.

The factional fight which has cropped out in Illinois between Altgeld-Harrison and Gahan has been somewhat discussed. but most of the southern members take but little interest in it, saying that it is merely a local fight among Illinois politicians who can fight it out to suit themselves. They do not believe it will have any effect upon the success of the Chicago meeting about to convene.

Virginia people coming to Washington are of the opinion that the decision of Governor Tyler not to take the stump during the senatorial canvass against Senator Martin, will be beneficial to him, rather than to lessen his chances for success. The governor would be open to criticism from his enemies if he abandoned his duties as governor of the state to take the stump in a political campaign, and more so to engage in a factional contest. Both the friends of Governor Tyler, and the friends of Governor Martin say that the contest for the senate will be conducted upon a high plane, and that as far as possible that there will be no personalities, or bitter feeling injected into the campaign. Both of the candidates have the reputation of being good campaign organizers, and a warm contest is generally looked for.

Several southern people, mostly from Charleston and other points in South Carolina, were in the city yesterday, having come over to Washington on their way home from Richmond, where they went to attend the meeting of the Young People's Baptist Union. The delegation spent the day yesterday visiting the many points of interest. They will leave for home, it is understood, today. The party were much pleased with the convention, and say that it was a success.

R. L. Timberlake, formerly of Washington, who has been until recently connected with the auditing department of the Norfolk & Western Railroad, has been transferred to the auditing department of the Southern Railway, and is now stationed in this city.

Hon. Claudius Dockery, of North Carolina, who is contesting for the seat of Hon. John D. Bellamy, of the 6th North Carolina district, is in the city. Mr. Dockery says that his contest is in good shape, and he expects to get the seat.

Rev. J. E. Thacker, the well known divine of Alexandria, Va., who left last week for North Carolina to spend his summer vacation, was called suddenly home to conduct the funeral services of a member of his church.

Postoffice has been discontinued in North Carolina at Brayville, Chatham county. Mail will hereafter be sent to Veina.

The postoffice department has ordered on and after the 23rd inst., the dispatch of inner registered sacks between Wilmington, N. C., and Baltimore, and also between Wilmington and Richmond, daily, instead of daily except Sunday, as at present.

J. A. Long and wife, of Wilson, N. C., are in the city for a few days, stopping at the Metropolitan Hotel.

Z. B. Vance, of North Carolina, is registered at the St. James Hotel.

TROXLER BROS.' SAFE ROBBED.

Lee Nelson and Cicero Coble, Both Colored, Get the Money.

Lee Nelson, colored, was lodged in jail this morning charged with robbing Troxler Brothers' safe of $44.33 yesterday afternoon and Cicero Coble, also colored, occupies a berth in the same hotel, on the charge of assisting in the robbery. By a nice scheme Coble, who works at the store, yesterday afternoon secured the safe keys by getting the barn key which was on the ring. The safe sits in a separate room in the rear of the store and into this room Coble crawled through a window. He unlocked the drawer, removed it entirely from the safe and handed it to Nelson, the accommodating store loafer who was standing on the outside. Nelson took the money home and hid it in an empty tomato can under the house, throwing the drawer away. He was pushed so closely this morning by the Messrs. Troxler and Chief of Police Scott that he admitted his guilt and took Mr. Bob Troxler and the chief to his little tin bank where, after procuring the cash, they proceeded to handcuff him. Being under the house where there was little elbow room, the men had a difficult job and Nelson received several blows on the head with a pistol before the bracelets were applied. On the way to jail he told the whole story and on his evidence Coble was arrested.

The Band Uniforms.

The uniforms for the Gate City Band arrived several days ago, but the boys say the public shall not have even a peep at them until the grand gala week parade in which the band will play. The boys will make welcoming music at all the passenger trains which arrive on the day and night before the parade day, but they will wear no uniforms except white pants.

A description of the new suits is prohibited, but the Telegram is allowed to state the substantial fact that they are the prettiest suits ever seen in Greensboro.

Ladies' lisle thread vests, very nice quality, 25 cents each, at Thacker & Brockmann's.

Splendid time now for transplanting celery plants. The J. Van Lindley Nursery Company has a big stock of the leading varieties, fine plants. Get your ground ready and 'phone them your order.

GENERAL OTIS.

Apropos of the "round robin" of the Manila newspaper correspondents, James Crcelman, the war correspondent of the New York Journal, who is probably the brightest American newspaper correspondent, sends to the Journal a terrible arraignment of General Otis, commander of the American army in the Philippines. Creelman is now in London, but he has spent two months in the Philippines. We extract the following from his cablegram to the Journal:

I was there then and I remember how generals and other officers on the firing line bitterly denounced General Otis in private for immersing himself in petty details of municipal affairs, army contracts and custom house cases, while our firing line was stretched twenty-two measured miles around Manila, lying idly before an enemy growing stronger and more expert in infantry fire every day, while week after week of dry weather slipped away and the rainy season approached.

Even before the first insurgent attack on our troops, Aguinaldo was throwing up strong earthworks in sight of our lines. Major General Anderson, commanding the first division, insisted that his troops were being endangered, and asked permission to stop the Filipinos from building fortifications.

"We will do nothing," said General Otis, "unless the Filipinos commit some act of war."

"But they are entrenching themselves against us," replied General Anderson, "and the moment a man puts a spade in the ground with hostile intent he has committed an act of war."

Anderson's arguments were useless. The entreaties of other generals to be permitted to put an end to the belligerent work of Filipinos were of no avail.

When I reached Manila a few days after the bloody outbreak the whole army was lying in trenches, being fired at night and day, while General Otis was absorbed in routine details that an army clerk could have done as well. He refused to allow the army to make any advance. So insistent was General Anderson that the only way to destroy the enemy was to fight them, that General Otis treated him with open hostility and finally had this splendid soldier return to the United States.

General Otis' principal thought seemed to be to prevent real facts being telegraphed to the United States, and his abuse of censorship has been almost incredible.

While the army in the field was anxiously awaiting orders during the advance on Malalos, he spent a whole hour reading my dispatch to the Journal, striking out names of officers mentioned for gallantry, changing descriptive passages, erasing all mention of the part played by the navy and even occupying five minutes in selecting a single word.

This is the same experience which other correspondents have had during the war. General Otis has wasted hours of valuable time during the most critical days in revising press dispatches, coloring them to suit his own views.

Greensboro is receiving congratulations from the papers all over the state at her splendid victory of last Tuesday. The following pleasing notice is from the Winston Sentinel:

"The unanimity with which the citizens of Greensboro voted for bonds for public improvements on Tuesday speaks well for the progressive spirit that prevails there. Only two votes were cast against the proposition, with eight hundred and fifty-nine in its favor. A wise application of the proceeds from the bonds will materially aid our sister city in her forward march."

If the reports in the newspapers in any manner approach the truth, there is every reason to believe the constitutional amendment will be overwhelmingly carried at the next election, supported by a large number of republicans throughout the state.

But three of the graves of presidents of the United States are properly marked and cared for—Lincoln, Garfield and Grant.—Raleigh Times-Visitor.

Lots of people don't even know where President Cleveland was buried.

A profoundly learned scientist up north says that if the approaching winter be not unusually severe, in order that the kissing bug pest may be frozen out in its incipiency, that in another year the bug will have become a pest approaching in troublesomeness the Egyptian plagues. In such a dire event, the only remedy would be to turn the corporation commission against it.

Alger offers his resignation, to take effect "at the pleasure of the president." Now if General Otis will agree to quit at the pleasure of the people, we feel sure that American prospects on the Islands will assume a brighter hue.

Gen. Wood at Santiago is engaged in checking yellow fever with good success. Gen. Otis at Manila is supposed to be engaged in trying to check Aguinaldo, with poor success.

The war in Kentucky is creating a greater interest at present than the war in the Philippines. Governor Bradley should send a blue-pencil man to Clay county at once.

ALGER RESIGNS WAR PORTFOLIO

His Resignation in the Hands of the President.

Washington, July 19—The expected resignation of Secretary of War Alger was tendered to the president today. Secretary Alger called at the White House this afternoon and personally handed his resignation to the president. No date for retirement is mentioned. It says merely that the resignation is to take effect at the pleasure of the president. The announcement of this action was made by Secretary Alger himself. To a reporter who saw him afterward he appeared in very good humor and looked like a man from whom a great mental burden had been removed. Secretary Alger would not say when the resignation would take effect, except that it was in the hands of the president. There were several matters, he said, that he wanted settled before he went, especially some bridge disputes and contracts.

Secretary Alger will not remain in the cabinet in any event after August 1. He has determined that positively.

The Summer School.

The third session of the summer school for colored teachers began Wednesday. The attendance at the opening this year was not as large as that at a similar period last year, owing to the fact that under the new school law the county institutes have been re-established, thereby diminishing the attendance of many teachers who would otherwise have come to the summer normal.

Nevertheless, there is every reason to believe that there will be a goodly number in attendance during the session. Whether many or few however, President Dudley with his associates intend that those who way be present shall reap the very best instruction and training that can be given colored teachers anywhere in the south.

The work of the school started off promptly the very first day at nine o'clock. There are two sessions daily: from 9 to 1 and from 2 to 6 o'clock. At night there will be lectures or addresses by prominent speakers whenever they may be secured.

Besides the faculty of the college, the other instructors who were present the first day to take their classes were Supts. Grimsley, Foust and Prof. Lipscombe. The others will be in this week.

Mr. A. Saunders, writing from Cocoanut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. She—"Is he bright?" He—"Bright? Well, he knows as much as the average college graduate thinks he knows."

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

A new joke and a chestnut are alike in that neither can be enjoyed until it is cracked.

What is Kodol Dyspepsia Cure? It is the newly discovered remedy, the most effective preparation ever devised for aiding the digestion and assimilation of food, and restoring the deranged digestive organs to a natural condition. It is a discovery surpassing anything yet known to the medical profession. Howard Gardner.

Names of Litigants.

In an old Indiana case a man named Shallcross undertook to live up to his name by running an unlawful ferry, but the decision of the court said to him, "You shall not cross."

The name of an adopted citizen of the Chickasaw Nation, whose adoption was canceled and who was thereupon expelled, was Run Hannah.

A California woman who said in her will, "I have no fear of the hereafter; O my Lord, teach me to live right, then in dying there is no sting," bore the prophetic Christian name of Euthanasia.

The name Dr. Physick, which might be looked for in some allegory, appears as the name of a real person in a recent law report.

Some peculiarly suggestive combinations of names in the titles of cases are these: People versus Kaiser, Priest versus Lackey, Kick versus Merry, Protected Home Circle versus Winter, Grant versus Lookout Mountain Company.

In reminiscences of the early Minnesota bar Judge Charles E. Flandrau tells in the Minnesota Law Journal of an argument before the supreme court in 1853 by ex-Chief Justice Goodrich on behalf of an Indian convicted of murder. The Indian's name was Zu-aza, but as the counsel could not pronounce it he always referred to him in his argument as "my client, Ahasuerus."—Case and Comment.

The Irrepressible Small Boy.

This is a true story, and it really happened in a New York family. It looks as if it might be an old story brought up to date or renovated for the occasion, but it is exactly as the small boy arranged it and not to the edification of his family. The small boy was very fond of ice cream. It never cloyed his palate. It was with the same delight that he saw it each time brought on the table, and upon each of these times he showed the exuberance of his feelings by crying in rapturous tones: "Oh-o-o! Ice cream! Ice cream! Ice cream!" much to his mamma's annoyance.

"People will think we never have ice cream or anything else to eat," she said to her son one day. "Now, we are going to have company to dinner tonight, and I don't want you to say a word when the ice cream is brought on." The small boy promised. He really was a good little boy, and he intended to mind. But when the cream was brought on the old feeling of rapture was so strong that he forgot entirely and cried out as usual. Then he remembered and stopped short, looking very repentant. He had not intended to call out, and his mother was mortified. He changed his tone entirely:

"We have ice cream almost every night," he remarked carelessly.—New York Times.

Painfully Polite.

The people of Dresden are very polite, so overpolite that they not infrequently bring down ridicule upon themselves. It used to be told in that city that a stranger was one day crossing the great bridge that spans the Elbe and asked a native to direct him to a certain church which he wished to find.

"Really, my dear sir," said the Dresdener, bowing low, "I grieve greatly to say it, but I cannot tell you."

The stranger passed on, a little surprised at this voluble answer to a simple question. He had proceeded but a short distance when he heard hurried footsteps behind him, and, turning round, saw the same man running to catch up with him.

In a moment his pursuer was by his side, his breath nearly gone, but enough left to say hurriedly: "My dear sir, you asked me how you could find the church, and it pained me to have to say that I did not know. Just now I met my brother, but I grieve to say that he did not know either."

Her Opinion in Full.

The car turned sharply around a curve and the tall man who was holding on to a strap somewhat loosely was suddenly thrown from his upright position with a force that landed him in the lap of a dignified dowager sitting near him, while his high silk hat flew from his head and rolled down the aisle of the car.

"Sir," she said as he rose to his feet again with profuse apologies, "I am compelled to say that in my judgment you were lacking in that complete grasp of the strap which was essential to the highest efficiency in maintaining an upright attitude when turning a curve."

That was all. But it crushed him.—Chicago Tribune.

As He Understands It.

"As I understand it," remarked the intelligent foreigner, "you Americans regard George Washington's hatchet as the emblem of truth."

"Yes, sir, that's right," replied the American proudly.

"Then, when statesmen or other individuals who have quarreled, bury the hatchet, I suppose they cease to speak the truth?"—Detroit Free Press.

Oil, a Flash And Two Deaths.

Savannah, Ga., July 19—Mrs. Annie McGuire, white and Anna Cook, colored, are dead as a consequence of two stove explosions. In each case the woman started to light the fire in the stove with kerosene oil. Both were horribly burned.

McKinley's wave of prosperity hasn't struck the submarine diver. His business is still going down.

Even a grasshopper couldn't kick at this weather.

Hoax—"Jinks is awfully superstitious." Joax—"Is he?" Hoax—"Yes; he refused to lend me $13 yesterday."

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine, and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on C. E. Holton, druggist, and get a trial bottle free. Regular size 50 and $1. Every bottle guaranteed or price refunded.

HOGG FOR CHAIRMAN.

The Statement is Made That Jones Will Retire.

Austin, Tex., July 19—A letter was received here today from a free silver leader who is an intimate friend of ex-Governor Hogg, stating that plans had been laid to elect Hogg chairman of the national committee to succeed Senator Jones, and that this is to be done at Bryan's suggestion toward Hogg for his defence of Bryan at Tammany's Fourth of July celebration. It is said that Jones has been made aware of the situation and has placed his resignation in the hands of one of the Western members.

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back or weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by using Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at C. E. Holton's drug store.

New Methods in Advertising.

Railway companies are adopting new and unique methods of advertising, as is demonstrated by the publication in the Four Track Series of the New York Central Road, of what is now becoming widely known and somewhat famous, "A message to Garcia," by Elbert Hubbard, of the Phillistine Magazine, which itself is a peculiar and interesting publication as relating to magazines of the present day.

This article is attracting widespread attention, and has been answered by a writer in "The Mirror," published at St. Louis, under date of June 15, 1899, entitled "A Message to Hubbard," which gives the other side of the American employe.

The Southern Railway, the leading Southern system, spreading from Washington to the Mississippi River, and gridironing the South, and the only line to "The Land of the Sky" section of western North Carolina, has also issued a publication out of the ordinary, in the shape of an attractive booklet entitled "A Night on Mount Mitchell," by Henry Litchfield West, one of the leading editorial and political writers of the Washington Post, a paper widely and favorably known for the ability displayed in its editorial and political columns. This story is a description of an ascension to the very top of Mount Mitchell, which is the highest mountain peak east of the Rocky Mountains, and 400 feet higher than Mount Washington, upon which has been erected a monument to Professor Mitchell, after whom the mountain was named.

The story is replete with interest and thrilling in detailing a trip which may be taken by any traveler for health or pleasure, and reminds one of Talmage's description of Lookout Mountain, when he stood upon its heights and delivered the following oration, which is reproduced for its graphic description of a location famous in American history:

"The carriage wound its way up, up, up. Standing there on the tip-top rock, I saw five states of the Union. Scenes stupendous and overwhelming. One almost is disposed to take off his hat in the presence of what seems to be the grandest prospect on this continent. There is Missionary Ridge, the beach against which the red billows of Federal and Confederate courage surged and broke. There are the blue mountains of North and South Carolina. With strain of vision there is Kentucky, there is Virginia. At our feet, Chattanooga and Chickamauga, the pronunciation of which proper names will thrill ages to come with thoughts of valor and desperation and agony. Looking each way, and any way, from the top of that mountain, earthworks, earthworks—the beautiful Tennessee winding through the valley, curling and coiling around, making letter S after letter S, as if that letter stood for shame that brothers should have gone to massacre with each other while God and nations looked on. I have stood on Mount Washington, and on the Sierra Nevadas, and on the Alps, but I never saw so far as from the top of Lookout Mountain."

Copies of this booklet and other interesting publications on "The Land of the Sky" section and "Lookout Mountain" may be obtained from Mr. W. A. Turk, General Passenger Agent Southern Railway, Washington, D. C.

A Cheap Trip to the Pacific Coast.

The National Educational Association meeting at Los Angeles, Cal., is the occasion for the Southern Railway to put on the remarkably cheap rate of One Fare for the Round Trip (plus $2.00 Association Membership fee). This, in connection with the new Palace Tourist Sleeping Cars, operated over the Southern Railway and the Southern Pacific, a double berth in which costs only $7.00, renders possible the cheapest and most enjoyable trip of the season. A particularly pleasant feature of this trip is that the tickets are good going one way and returning another; i. e., going via New Orleans and returning through Salt Lake City and Colorado; or by the payment of $12.50 additional, the trip may be made returning through Portland, Ore.

Stop over privileges are allowed at El Paso or any point west thereof, on the going trip, and at any point west of Denver and Colorado Springs on the return trip. By this means passengers are afforded the opportunity of seeing the entire Pacific Coast. Side trips are arranged at nominal cost from Los Angeles and San Francisco to all points of interest in California. Further information may be obtained from any agent or representative of the Southern Railway, or from

SHIPLOAD OF SILVER ORE.

Cargo of the White Metal Brought To Philadelphia for Smelting.

Philadelphia, July 19—What is probably the first cargo of silver and silver ore brought from the west coast of South America to an Atlantic coast port of this country has reached here on the British steamer Kentigern. Stowed away in her hold are 16,239 sacks of high grade ore and 600 bars of pig silver, valued at over $150,000, besides an assorted cargo worth $160,000 more. The steamer left Guayaquil, Equador, on April 25th last, and stopped to pick up a general cargo at various ports.

The silver comes from rich mines high up in the mountains of Bolivia, which are worked by English and American miners. It must be carried many miles on the backs of mules to Autofogasta, the nearest seaport. The lack of smelting facilities makes it necessary to ship most of the ore out of the country, but it is said to berich enough to stand the added expense.

There is no record in the custom house here of any imports of silver ore to this city from South America, and no duty is imposed on such a cargo.

The pursuit of pleasure is often as dangerous to life as the pursuit of "the bubble reputation even at the cannon's mouth." Late hours, the breathing of a vitiated atmosphere, rich foods, and irregular rest, must result in a depleted vitality. There is a feeling of languor, the appetite fails, sleep does not refresh, life loses its interest, and nervousness or hysteria may make life miserable.

The preservation of the healthful tone of the body depends chiefly on keeping the blood pure, and the stomach and other organs of digestion and nutrition in a condition of health. When any of the above mentioned symptoms appear the timely use of Dr. Pierce's Golden Medical Discovery will restore the body to a healthy equipoise. It purifies the blood, nourishes the nerves, and restores the deranged stomach and its allied organs to a condition of sound health.

There is no alcohol, whisky or other stimulant contained in "Golden Medical Discovery."

"I was troubled with very frequent headaches often accompanied by severe vomiting," writes Miss Mary Hall summerton, of San Diego, Duval Co., Texas. "Bowels were irregular and my stomach and liver seemed continually out of order. Often I could eat almost nothing for twenty-four hours at a time. I was entirely unfit for work, and my whole system run down. I was advised to try Dr. Pierce's Golden Medical Discovery and did so with such satisfactory results that before finishing the third bottle I felt perfectly able to undertake the duties attending public school life. I most heartily advise those suffering with indigestion, and its attendant evils, to give this great medicine a fair trial."

Dr. Pierce's Pleasant Pellets cleanse and regulate the stomach, liver and bowels. They produce permanent benefit and do not re-act on the system. One is a gentle laxative.

The Sapphire Country.

Along the cool southern slopes and table lands of the Blue Ridge mountains in Western North Carolina, at an average altitude of 3,000 feet, is a country full of delightful surprises to the tourist, sportsman and health-seeker. No other state contains so many clear, cold and wonderfully picturesque streams, so many grand water falls, such wide sweeping mountain views, and such beautiful lakes as the Sapphire Country, where until recently there was no provision made for the accommodation of visitors to this delightful section. Now, however, entertainment is offered on Lake Sapphire, Lake Fairfield, and on the summit of Mt. Toxaway, the view from the lodge there being the most extensive of any mountain point of vantage in North Carolina.

Parties desiring to visit this beautiful country can purchase round trip tickets to Brevard, N. C., via Hendersonville, where coaches convey you over good roads making the drive one of extreme pleasure. For full information call on any agent Southern Railway, or write R. L. Vernon, traveling passenger agent, Charlotte, N. C., or W. A. Turk, general passenger agent, Washington, D. C.

THE LEE INVESTIGATION

Conducted By Committee From West Market Street Church.

For some time parties in this city and in Columbus, Ga., have been investigating charges against Evangelist J. W. Lee, of this city. Mr. Lee has been charged with "immorality with several women." Though the investigation has been going on for several weeks, the first publicity given it was in the Columbus Herald, of last Sunday. The Telegram has refrained, as much as possible, from giving publicity to the accounts, for, should Mr. Lee be exonerated, as he most probably will, a certain unpleasant stain will cling to his character.

The further the investigation has progressed, the more favorable has the situation become for the defendant and now he is charged with immorality with only one woman. The following is given out by a friend of Mr. Lee, who is familiar with the details of the case:

When conducting a revival at Columbus, Ga., Mr. Lee employed as watchman for his tent a man named Alexander Chappel, a morphine fiend of low instincts, says his employer. At one of Mr. Lee's meetings there was converted a young woman who told the evangelist that this man Chappel was exercising undue influence over her, and she asked protection from him. To aid her Mr. Lee says that he procured her a situation in Atlanta whither she came accompanied by Chappel. Mr. Lee says that he took her to a nice hotel; Chapel says Mr. Lee carried her to a questionable boarding house.

In justice to the clergyman it should be stated that he has letters from both the young woman and her mother, stating that his conduct had been uniformly that of a gentlemen. The man Chappel makes all sorts of horrible and disgusting admissions and seeks to incriminate Mr. Lee with himself. Chappel's evidence is supposed to constitute the only charges against Mr. Lee.

What Mr. Lee condemns himself most for, and what his friends find it difficult to explain to his credit, is a letter that he wrote to Chappel, which is in evidence. The letter, it appears, provokes censure more for style of verbage than for immorality in suggestion or principle. It is written to a man known to be immeasurably common, and the writer drops the dignity that befits a clergyman and a gentleman and approaches Chappel as an equal in the jargon of vulgarism and man's baser knowledge.

The Columbus papers made a mistake in stating that a North Carolina conference had been investigating the charges against Mr. Lee. Two weeks ago J. W. Smith, M. S. Sherwood, E. L. Sides, C. H. Dorsett and W. G. Balsley, as a committee from West Market Street Methodist church here, took up the matter and decided that it was a case of blackmail. Since then additional evidence has been produced and the committee, reopening the case, are busy with further investigation of the charges. If they report against Mr. Lee he will have a trial by conference; if the charges cannot be substantiated then the case will be dismissed.

W. M. Gallagher, of Bryan, Pa., says: "For forty years I have tried various cough medicines. One Minute Cough Cure is best of all." It relieves instantly and cures all throat and lung troubles, coughs, colds, croup, whooping-cough, la grippe and pneumonia. Howard Gardner.

Say, Mr. Weatherman, you said it would be hot yesterday. Ain't you 'shamed o' yourself?

There is a time for all things. The time to take DeWitt's Little Early Risers is when you are suffering from constipation, billousness, sick-headache, indigestion or other stomach or liver troubles. They never gripe. Howard Gardner.

No matter what the green grocer says, a dozen onions only amount to 12 scents.

To cure piles, strike at the root—that's the way. DeWitt's Witch Hazel Salve strikes at the root—it removes the cause, quickly and permanently. Don't squander time and money trying to remove the effects. Howard Gardner.

Is It Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be requred. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

INDIGESTION

Cured by Johnson's Dyspepsia Cure

"I suffered over two years with Indigestion and Nervous Dyspepsia, unable to eat or sleep. I tried several physicians and different remedies, but they only helped me for a short time. A friend advised me to take Johnson's Dyspepsia Cure. I have taken three boxes, and am now feeling better than I have for two years. Have a good appetite, sleep well and have none of the symptoms of Indigestion or Dyspepsia, while I have gained ten pounds in weight within a couple of months. I am taking pleasure in recommending Johnson's Dyspepsia Cure wherever I can, and several of my friends are taking it with marked results."—L. A. Arnold, Cinn.

BLOCKADE CORN JUICE.

Six Barrels Of It Brought In From Rockingham County.

Revenue men say that if business gets a little dull, and they must have something to do, Rockingham county is the place to go. It seems to be a never failing source of "revenue."

Yesterday Deputy Collector John T. Welker and Revenue Agent Patterson ran on a juice mill in that county and captured six barrels of corn, said to be of high proof and good grade, which was brought to this city this morning and placed in the government warehouse.

The wily wizard of the forest who presided over the illicit establishment, took unto himself wings, as it were, and got away.
